Once upon a time, there lived Everyman, who sought for the ultimate enlightenment. To satisfy his parents' wishes, he gathered up all his worldly possessions and set forth on a journey to the land of higher learning.

THE FLIGHT OF THE PHOENIX

As Everyman entered the enchanted world of education, he was confronted by a sea of many faces. But as he traveled through the land, he found that the faces turned into people and the people into personalities. The personalities flowered into friends of a lasting loyalty.

0093

Among the people Everyman met in his travels were those known as the "Apostles of Knowledge." He was told that they were there to guide him on his journey, but sometimes he did wonder. Everyman was told by these "Apostles" that the purpose of his journey was to gain a presence of mind known as knowledge. Alas! He found that the real purpose was to obtain figures known as grades.

Knowledge is soon confused . . . Yet grades go on forever.

Everyman stumbled through the land, picking up knowledge and grades along the way. He found that all learning was not that of the text. Yea, the greatest enlightenment came through idea exchanges and rich personal experiences with friends.

Everyman discovered that to ward off boredom, each inhabitant of the land must master his own avenue of escape.

College Night 1972

On February 26, all academic pursuits were again temporarily slowed in anticipation of one of the University's few enduring traditions - College Night. Why this event lives on despite the unsuccessful struggles of Rat Week, Rat Court, Senior March and closed study hours, has often bewildered visitors to this campus. Perhaps, it seems easier to comprehend the feelings of the Purple Side as they enjoy their 27th victory; oddly enough, these same sentiments cause the members of the Gold Side to immediately proceed with plans for a 1973 Golden Victory. As nearly all students and alumni will agree, the only genuine way to understand the value of College Night is through living it.

This year, 1972, all the hard work and memories associated with College Night are dedicated to Dr. Kermit A. Johnson, President of the University of Montevallo.

Yes, Virginia, there is a summer school!

Hundreds of cafeteria trays died at the foot of that spillway, not to mention the many bodies mangled.

Slater picnics at the lake with oom-pa back-up band.

It's Sailbad the Sinner, once again, up that well known creek.

Kitchen roof worshippers - just like the sun of a beach.

Freshman Orientation

Picnic at Flower Hill

Upperclassmen always ready to help the incoming freshmen.

A purse is the mark of a freshman ... girl.

The University of Montevallo European Seminar

Since 1959 the University of Montevallo has offered its students an opportunity to study abroad through the EUROPEAN SEMINAR. In 1971, 15 students took part in an expanded program organized in cooperation with the American Institute for Foreign Study, a nation-wide organization which, since its founding in 1964 has arranged foreign study programs for over 35,000 students and teachers. The students spent six weeks studying at the University of London followed by two weeks of travel in Europe.

An indication of the full participation of University of Montevallo students can be found in the fact that one holds the "unofficial" 1971 record for plays attended (20, not including numerous movies) and another holds the University of London middle weight boxing title, while another visited over 15 London museums.

Kathy Farnell and Olivia Hardy show President and Mrs. Johnson where they planned to go on the 1971 Seminar.

Wilson Gillespie and Olivia Hardy, Students who went on the 1971 Seminar, talk of their travels to Jane Brindley and Joe Robertson, who plan to go on the 1972 Seminar while Charlotte Blackmon listens in.

Whatever turns on you!

He ain't heavy; he's my brother.

What can you say?

Anchoring the screens won't keep us out of New Women's.

We really can't go on meeting like this.

If it rains anywhere in the world, it rains in Montevallo.

I just want to say this about chickens ...

Keep on truckin'

As Everyman neared the end of his journey,
he realized that an era of his life was drawing to a close.

He had a piece of paper
recording his successes
and failures.

He had grown
and matured,
somewhat

Maybe he had found himself,
maybe not

He had been
through a lot,

made a lot of
mistakes,
suffered many
disappointments,

made some friends,
and lost some friends.

Had it all been worth it?
There were good times.

They did
outweigh
the bad,

didn't they?

He was left with a Montage
of memories
to flash on
forever

Those were the days,
my friend,

we thought
they'd never end.

But they do,
and they have,
and they will;
just as they have for Everyman.

He will try to return.

May he live
happily ever after.

The End . . .
